Integration. Inspiration. Independence.

April 17, 2020

Good evening,

I am pleased to give you an update with respect to the COVID-19 virus. We are continuing to meet as a Pandemic Planning Committee on a daily basis to review new protocols given to us by Public Health and the Ministry of Health. A number of new directives were issued this week and I am happy to report that most of these new precautionary measures were already put in place over the past couple of weeks and the remaining ones are now in place. I am pleased to report that we have no active COVID-19 cases at this time.

We will continue to provide you with any significant updates through our Thrive Group website at www.thrivegroup.ca

Please continue to use best practices relating to effective handwashing and social distancing.

Take care and stay healthy! Make the best of the weekend.

Steve Sherrer
CEO
