

Thrive Group
Integration. Inspiration. Independence.

April 21, 2020

Good evening,

As promised, I wish to provide you with my regular update on the COVID-19 situation across the Thrive Group of organizations. We continue to update our practices based on the most recent direction and information given by Public Health and the Ministry of Health. We continue to receive supplies of Personal Protective Equipment (PPE) which we are distributing across all the sites to ensure staff have the required PPE in order to keep the residents, clients and themselves healthy and safe. I am pleased to report that we have no active COVID-19 cases at this time at any of our Thrive Group sites.

We will continue to provide you with any significant updates through our Thrive Group website at www.thrivegroup.ca

Please take care of yourself, be healthy and make the best of this challenging time.

Steve Sherrer
CEO
