

August 18, 2020

Hello everyone,

It is hard to believe that we are heading into the last couple of weeks of the summer.

I am happy to inform you that we continue to have no active COVID-19 cases at any of our 17 sites.

I want to let you know that despite the opening of many services in the community, we continue to take all necessary precautionary measures to ensure the safety and health of our clients, residents, family members and staff. Our staff at our long-term care homes and at some of our congregate settings continue to be tested every second week and I want to take this opportunity to thank them for continuing to commit to being tested – we all truly appreciate it!

As always, I will post any updates on this website should any significant changes occur.

Please continue to be safe and enjoy the sunshine!
