

August 31, 2020

Good morning,

I hope that this update finds everyone doing well.

I continue to be pleased to inform you that we have no active COVID-19 cases at any of our 17 sites.

Late last week, we received notice from the Chief Medical Officer of Health that provides direction on resident absences from St. Peter's Residence at Chedoke and Idlewyld Manor. Under the updated directive, residents of our long-term care homes may leave the home's property for a short stay or temporary absence. Specific details regarding these new measures are available through your contacts at the homes.

As the community continues to open up, it is even more critical that we continue to take necessary precautions. We thank you for your patience as we implement further procedures to ensure the well-being, safety and health of our residents, clients, staff and family members.

As always, I will post any updates on this website should any significant changes occur.

Please continue to be safe and I wish you all the very best over the upcoming Labour Day weekend.

Steve Sherrer
CEO
